

MUNTHE

FALL WINTER 2023

FOREWORD

"In my work, I have always enjoyed the creative processes. Any new collection, from sketchbook to the complete piece, is analogous to observing alchemy where a mix of diverse artistic inspirations shape the way to dress.

My heritage with the art-world has long formed part of that process. Working with artists, taking inspiration from different types of craft - and using fabric and cutting techniques with the same skillful control as a painter wielding a brush on canvas, is continually integrated in the collections.

I think that creative people, although deep into their own discipline, grip a wealth of ideas, impressions, and thoughts from their surroundings. We are curious about expressions, silhouettes, and forms. Fascinated by colors – and captivated by different cultural, historical, and social references. Luckily, the creative mind comes in many forms and often has varied influences".

- Naja Munthe

INSPIRATION

The Fall Winter 2023 collection is inspired, among others, by the works and character of Georgia O'Keeffe – translated through her desire for flowers, color, print, personality, and atmosphere. The blurred lines, the diverse color palette, the textured layers, and the uniform dressing throughout O'Keeffe's work and character - translated into a smooth and modern collection.

O'Keeffe was an independent, creative spirit. She grew up at the same time that women began to have a notion of there being a new way to express themselves. She honed her style by appropriating from other nations, too. When she travelled to Japan, she returned with kimonos.

In this collection each piece is designed for function as well as fashion - well-curated and long-lasting styles to love for years to come. MUNTHER strives to create collections that women can rely on to transition many different moments in their day.

DRESS / EARTHY

Florals are most often associated with the spring and summer months, but this FW23 collection proves that blooms work any time of year. Among all the more earthy colors, these styles, inspired by O'Keeffe and the MUNTHER ART MONDAY featured artist Una Ursprung, brought some colorful calm.

BELT / ELVIRA - BELT / EIGU

Accessories are touches to an outfit that express individuality and style. Using accessories is an art. Adding belts, tube socks, boots, tote-bags, and scarves to the FW23 collection, we create a total look. And even the brooch is back.
